Dept T.D.O.A. - Chaplin

Charles Resen
State D.A.R.E. Coordinator.

June 25, 2007

Dear Texas D.A.R.E. Officers,

I hope you all had as much fun as I did at the conference in Grapevine. I only wish I could have stayed longer to learn and celebrate this organization with you all. And I know that I speak for everyone when I say thank you to the D.A.R.E. Board and the Officers in Grapevine for all their work and preparation for a successful event.

We all learn so much from the conference thanks to the wonderful curriculum (Thank you Penny.) We also elected a fantastic new group of leaders and celebrated the winners of the Car Show (Yay Waco). What an exciting week of education and fun.

For those of you whom I did not get to talk too, it is a pleasure to work with organization and I am honored to have such an honor again. My role is to help you and I take great pleasure and pride in this. When your department does something great let me know. I will take the information that you tell me and I will put it into a press release, then with you approval send it to your local media. Together we will educate and inform your communities about D.A.R.E. and how great their local departments are.

As always it is a pleasure to work with you all to educate our communities and celebrate with them on the success of this wonderful organization. I hope you all are as pumped up as I am about this D.A.R.E. year. Keep that energy up and share your passion with your departments in planning the year ahead and then pass the passion on to your classrooms as you lead them in the most important subject that they will have this year.

Have a wonderful rest of your summer and I will follow up with you all in August as the D.A.R.E. 2007-2008 season quickly approaches. Until then please contact me either by my email or phone number below. I would love to hear your success stories and ideas for promoting D.A.R.E. As always it was wonderful to see you all and see the passion that we all have for this organization.

Many Blessings,

Natalie Cook Clark
